## Help for non-English speakers

If you need help to understand the information in this policy, please contact Hoppers Crossing Secondary College 9974 7777.

## PURPOSE

To explain Hoppers Crossing Secondary College's policy in relation to personal property, medical and other insurance and to ensure that special or valuable items of personal property are not brought to school or on school excursions.

## SCOPE

This policy applies to all school activities, including camps and excursions.

## POLICY

The Department of Education (which includes Hoppers Crossing Secondary College) does not have insurance for accidental injuries or accidental property damage/loss. However, in some circumstances, medical or other expenses may be paid by the Department where it is assessed that it is likely, in all the circumstances, that the injury or property damage/loss was sustained as a result of the Department failing to meet their duty of care. For more information about the Department's public liability claims process, please see [Legal claims, subpoenas, summonses and other legal documents](#).

Hoppers Crossing Secondary College encourages parents and carers to consider obtaining their own accident insurance for students and property of value that may be brought to school or on a school excursion.

### Personal property

Hoppers Crossing Secondary College understands that staff and/or students may sometimes like to bring items of personal property to school or on school excursions.

The Department of Education does not have insurance for personal property of staff, students and visitors. Hoppers Crossing Secondary College does not take responsibility for items of personal property (including electronics such as iPads, laptops, mobile phones etc) that are lost, stolen or damaged at school or during school activities. Damage to personal property brought to school or on school excursions is the responsibility of the owner of that property.

Hoppers Crossing Secondary College encourages staff and students not to bring items of value to school or on school excursions, or to obtain appropriate insurance for such items. If students bring items of value to school, they may be confiscated and stored securely at the relevant Sub School until the end of the day, when the items may be collected by the student and/or parent.

### **Student medical expenses**

- In the event that a student is injured at school or while participating in a school activity (including offsite) and requires medical treatment, parents/carers are responsible for all of their child's medical expenses. This includes transport costs such as ambulance costs (which may include an air ambulance if considered necessary)
- In a medical emergency, Hoppers Crossing Secondary College will prioritise the child and may not call parents/carers if an ambulance is required, until after an ambulance is called, depending on the situation
- Hoppers Crossing Secondary College encourages parents and carers to consider obtaining ambulance cover (see [Membership - Ambulance Victoria](#)) and/or appropriate medical insurance
